

# 46" Round Marine Grade Polymer Tahoe Patio Dining Table with X-Base

SKU: RPKD4625T

## Description

Our 46" Round Patio Dining Table is perfect for indoor or outdoor dining because of its durable and stylish construction. It features a slat top made with marine-grade polymer that resembles rustic wood slats without the maintenance of wood. MGP is built to withstand all-weather conditions without blistering, cracking, or warping from exposure. It also doesn't absorb dirt, chemicals, or liquids providing low-maintenance and easy cleanup. The frame is made with locally-sourced aluminum that is sandblasted and powder coated for a rust-resistant finish in your choice of gloss or textured. Ships knocked down with easy-to-follow assembly. Outfit a homeowner association, apartment clubhouse, resort, or hotel with a beautiful commercial-grade table today!
