Description

Make your pool deck even more stylish and comfortable with our poly top side table. This table top is made of recycled plastic polymer or MGP, which has the beauty of wood and the longevity of commercial-grade plastic. Plus, its base is constructed from industrial-grade aluminum tubing, coated with a protective powder for outdoor use. This table is perfect for hotels, HAs, resorts, and waterparks - and it's 100% American made!
